**Trust is the most important thing in any relationship once you lose it u will also lose everything cause it like the source of the love and the thing that prove if this person will be able to creat a family and the meaning of trust is different with family with freinds u need it u know for u don't get a broken heart u need it so much u can say trust is oxygen.**

## **Broken nights:**

**Hey Yeah !! it's me again the same  
depressed girl**

**You can say I can pass it but here we got this  
read with me in every society we can't  
make a difference but in every society in the  
world they or "we" put the Girls in the weak  
side u can't deny it cause it the dark truth I  
agree with this cause every lonely girl in this  
universe has a lot of problems make her  
cry.. scream ..and push her to fake her smile  
infront of People ...we need to continue  
how everyone in the age of teenagers feels**

# **One: Broken nights.**

**Every girl is crying everynight about things she thinks that is important and blaming herself why she is useless bad and dumb and then she wake up with cold face fake smile no energy but she's acting like she is strong and she can face up her problems what a strong girl but abt boys what a weak persons but world thinks that or they confirm that boys are the strongest ppl boys are legends that what make them feel a fake proud a fake confidence and we can see that they drink doing drugs at nights to forget their problems that make them useless like they don't have a job they can't make their own money their parents inslut their sons cause parents knows that boys are will become uselees when they grow up u know our society hate girls and boys are legends.....continue**

## Broken nights 2

.....legends yea like they when grow up they will see everything is difficult to achieve it right they will feel uselees feel weak .bad . Someone doesn't exist they will hide those feelings by taking drugs ..hitting ppl.. hurting girls ...steal their parents ... Our society can find the problems but can't find the solutions they say yea he does she does but why ??? Why they can't ask why ?? They did that

Their situations can't allow them to be good right cause of opinions of uselees ppl and dumb ppl can't correct their selfs itself so they break every new generation

## **Broken night 3**

**.....generation ... Actually I have a question why they can't encourage or help those boys and girls why they can't do better things to make them exists why ? Why they can't creat clubs creat something we can do or we can reach our Voices by huuh why ? This Question is always scrolling on my mind and every girl's ,boy's mind especially at night cause is the morning they are busy in doing bad things useless things cause they don't have anyone .**

## **Girls's nights:**

**Do you feel sad at 9;00 pm and u are putting  
Ur headphones on and listening to sad  
music ? Do you remember when everyone  
inslut u at this morning or secream on u ...?  
Are u trying to remember why u are like this  
uselees and bad and u are not perfect even  
Ur fav person can't handl Ur problems or  
can't bear u right ?! Cry ...cry...and cry ...Ur  
tears are falling down Ur face u are lost right  
? I know it's all feelings of teenagers right  
it's all silly feelings like what Ur parents says  
or Ur society says ? Right no don't believe  
them Ur age is so sensitive no one can  
encourage u u need to stand up on Ur feet  
and wash Ur face look into the mirror say  
that I'm strong I'm good I don't need anyone  
I can make myself good I can do it I have  
dreams I need to be strong I'm not weak  
huuh I know u will feel u are saying fake**

thoughts but no day by day u will confirm that u will feel better u are living one life do whatever u want do anything u want by good a way its not that magic which u can't do it okey move on and do it everyone will regret when they see u famous .. great... Person don't wait anyone to help u ..don't wait any boy to encourage u by a fake encouragement by lies u know in this age everyone is liying believe me u will search about love cause u think it will help but no it's won't he will lie on u by saying u are beautiful u are good when he sees that u are falling he will creat bad plans to let u down so don't don't trust and remove the word of trust from Ur life trust only in Ur parents not more I know in this age u have alot of freinds u are famous on school cause u aren't matured u are searching abt good looking dresses expensive make up , glasses .... Trying to be cool huuh I know but it's not

maturity u will have a lot of problems ...ppl sees what are u doing at morning and how happy u are and will judge u at morning right ...do they know what happened to u at night ? Do they know that they don't do Ur freinds know naah I don't think so so why are u doing all those things to ppl don't know u well ppl who cut their relation with u when the Morning end 😊 understand this girl focus on Ur dream don't loose Ur gold age in silly feelings silly drama of freinds silly love of Ur bf focus sis on Ur future I know it will be shinning like u

Actually I didn't understand one thing when a girl try to give her heart to someone can't really help her why and she can do anything under something calling love or a fake love in this generation she will trust him badly and she will do anything he requeste why ? Is that love is he the persone who will take u out from the dark naah he wont he will put

**u in the dark he will just break u down don't  
trust easily be a smart show him that u  
aren't wear or u are incomplete without him  
instead of that this is not the right age for u  
destroy it like this naah it's a gold years  
between 11 to 20 this is the gold part in Ur  
life which u can creat a beautiful life and u  
can destroy it to and u will regret by  
thinking and overthinking can't u think abt  
other thing or u just can think abt fake love  
? In those years or sensitive years it's better  
to confirm that love is bad in it do  
something great creat a new personality a  
strong one a mysterious one that no one can  
understand but it's so so great which  
everyone fight to understand it or reach to u  
do it,  
Do it.**

## **Depression days:**

**U feel sad .... useless  
....bad...dumb...stupied ...u hate ur look  
...Ur weight ...Ur hight ...Ur face...Ur make  
up u can't do it ....wanna cry but u can't ...u  
are affraid to make new relationships ....  
affraid to love again..... Affraid to go out  
....stay with ppl..... U want to be alone .....  
Huuuh isn't those all are fake ? Don't u feel  
that or u are still pretending that anyone  
can't understand u ? Uuh what ? Is Ur  
parents know abt ur life ? Uh naah that's the  
problem Nd everygirl's problem I know I  
know that u can't tell them maybe they are  
difficult naah they aren't they affraid from  
society they care abt what ppl say they need  
respect u need to give them this stop  
creating fake relationships there's a long life  
enjoy it stop crying and make nonesens u  
are lovely u need to be loved my words here**

are encouraging u u are beautiful nice kind  
don't loose urself Ur pride Ur self\_respect  
be sure that u will do something amazing  
and that will be only when u just move on ☹

I know what u feel ... U feel u did everything  
that world need u did enough to make  
everyone laugh u encouraged ppl who needs  
that maybe girls like u maybe u helped alot  
but what about u did u do the same to  
Urself ? Or u just forget urself why ? Why u  
can't encourage urself why u need someone  
to do this why ? Why u can't make urself  
happy by Urself itself ? Why are u lost oh I  
get it that's why u are walking around  
searching abt someone can remove Ur tears  
Nd u think he / she can put a smile on urself  
huh ? But day by day u will discover that he  
putted tears he added problems u will feel  
that now everyone is vs u can't do anything  
u will feel every door is closed on Ur face  
naah it's uu it's u who hate urself and it's u

**who hurting it it's u who give her heart to  
wrong ppl it's u who destroy Ur life like this  
it's u do the opposite of this encourage ...**

**And love urself do whatever u want and  
don't cry maybe u will faded trying to find  
out a light to shine ur dark nights no one can  
u who can only u ....don't search there and u  
forget here ur heart is between Ur hands   
take care of it.**

## **Fake deep end trust :**

**Trust is the most important thing in any relationship once you lose it u will also lose everything cause it like the source of the love and the thing that prove if this person will be able to creat a family and the meaning of trust is different with family with freinds u need it u know for u don't get a broken heart u need it so much u can say  
trust is oxygen**

**....you know what is the thing make me laugh when I see girl crying ...ok is not bad when u cry but the worst if u cry abt silly reasons and u say that" u are broken " or" depressed" did u try the feelings losing Ur family or have a big a problem can destroy Ur life are y crying if someone cheated on u**

**are u trying to make a drama Queen ? No  
don't come end let me show u how u really  
feel in this age and u will discover that  
everything is not real.**
