ABOUT THE AUTHOR

Ahmed El-sayed, he was born in Aswan (Egypt) in 1979. Having completed his primary and secondary education in Aswan, he studied arts at faculty of Qena, English Dept. south Valley University. And this is the first work of the author, under the guidance of the Quran and the

Sunnah, along the modern science, teaching of real Islam by the Holy Quran and sayings of the final Prophet (PBUH)), who attained ultimate wisdom and moral perfection, as a sign of his intention to offer the last world and afterlife, to present Islam as a scientific and universal religion that addresses mind.

This work has one goal: to convey the Quran's message, encourage readers to consider basic faith-related issues such as Allah's existence and unity and the Hereafter.

INTRODUCTION

The miracles in the Quran reflect pure truth, that pure truth says that Allah is one God, He is the one who can neither be separated into component parts nor reduplicated. One who is indivisible and has no component parts. Similarly as a point has no component parts, He is One has no father, no mother, no wife and no son. He is impossible to conceive of division in respect of His essence, and cannot be reduplicated; it is that which has no peer.

He is the one who has no cavity, He is the one does not need anything. The one who all existence need Him, and He does not need anyone, so it's a big lie and a big error to compare Him with people. He is a Maker of all people, how can we imagine Him like a man, He has no father or mother, He has no son because He has no wife, He is the one who has the all perfection , He has the ultimate degree of sovereignty.

1- **The ability of Allah** , through the Holy Quran there are many and many miracles, proved that **Allah** is the One and the **Maker** of all creatures, through story of the prophet Ezra, Allah caused him to die for 100 years, after 100 years Allah resurrected him, and about Jesus **Allah said** "The likeness of Jesus in God's sight is that of Adam: He created him from soil, then said to him, "Be," and he was." , He created Adam without parents, created Eve without mother, created Jesus without father and created all mankind by parents, to prove that **Allah** is capable of all things, and by miracles that Allah did through His prophets to support them in their calling people to worship the One God, Jews said Ezra is the son of God similarly as Christians said Jesus is the son of God , it's unreasonable to call the prophets(the created) as God (the creator), **the Maker** of all creatures, He has no father or mother, He has no son because He has no wife, He is the one who has the all perfection , He is capable of all things.

2-Creation of human being In the Holy Quran Allah says "We created man from an extract of clay." When Allah created Adam from clay, then Allah says "Then We made him a seed, in a secure Repository, Then We developed the seed into a clot, Then We developed the clot into a lump, Then We developed the lump into bones, Then We clothed the bones with flesh, Then We produced it into another creature. Most Blessed is God, the Best of Creators." , also Allah says "We created man from a liquid mixture." Notice that The Holy Quran told us a genetic truth more than 1400 years ago. The stages of formation of The fetus in the mother's womb by a liquid mixture of man and woman, union of chromosome X with X or X with Y inside the mother's womb, after the impregnation to produce a zygote XX or a zygote XY, to form the fetus' cell by 46 chromosomes after 5 hours of impregnation, then the zygote passes through fallopian tube during 6 days, then the zygote implants in the mother's womb as a seed in the earth during 9 days, then the seed develops into the clot during 10 days, then the clot develops into the lump during two days(from the day 24 to 26 of pregnancy) , the formation of the fetus starts after 28 days, then formation of bones, then Allah clothed the bones with flesh, then the formation of eyes and tongue after 30 days, then the formation of lips after a week, then the formation of all parts after two weeks, surely the formation of the fetus has been completed after 40 days by Allah the best of Creators. - **The prophet (PBUH) said** (The creation of anyone of you is gathered for forty days in his mother's belly as a Nutfah, then he becomes a clot for a similar period of time, then he becomes a little lump of flesh for a similar length of time. Then the angel is sent to him and he breathes the soul into it , and four things are decreed: his provision, his life-span, his deeds, and whether he will be wretched or blessed. By the One besides Whom there is no other god, one of you may do the deeds of the people of Paradise until there is no more than a forearm's length between him and it , then the decree will overtake him and he will do the deeds of the people of Hell and thus enter Hell. And a man may do the deeds of the people of Hell until there is no more than a forearm's length between him and it , then the decree will overtake him and he will do finally the deeds of the people of Paradise and thus enter Paradise.)
(Mohammad the last prophet)

3-The skin In the Holy Quran Allah says "Those who reject our signs— We will scorch them in a Fire. Every time their skins are cooked, We will replace them with other skins." Notice that The Holy Quran told us a scientific truth more than 1400 years ago, the reason

for mentioning the skin when mentioning the punishment, because the skin is that part in body that responsible for feeling of pain and heat, Hell is a place of punishment of all disbelievers, burning by fires and every time their skins are cooked, Allah will replace them with other skins, their suffering is immortal and forever, there is no break or death.

4-The creation of the sky from smoke In the Holy Quran Allah says "Then He turned to the sky, and it was smoke" Notice that Allah told us a scientific truth about creation of the sky, His design of the sky and it had been as smoke, so it was a wrong belief that the sky was as fog, after the science proved that the star is formed by a big mass of smoke, by easy way you can think about the cases of materials (gases, liquids, or solids) , Nobody can deny that the material could turn into another case, from liquid into solid or from gas into solid, surely the smoke turned into another case that Allah wanted, because He is The Creator of all creatures and all things.

5-the wind In The Holy Quran Allah says "And We send the fertilizing winds" Notice that Allah told us a scientific truth about role of the winds that all of us ignores it, it's responsible for carrying the pollens of male tree on to female tree, to fertilize the female tree by putting the pollens of the male tree upon it, to fertilize flowers and flowers become fruits as in the palm, all that is not by the wind but by Allah Who created it, He is The Creator of all things.

6-The bone of coccyx In the Holy Quran Allah says "Then We clothed the bones with flesh" and the prophet said "all of the son of Adam will decay except for the bone of coccyx (tailbone) from it the man was created and by it he will be resurrected." The Holy Quran and the prophet told us a scientific truth more than 1400 years ago, the scientist Hans Spermann proved that, and he was awarded the Noble prize in 1935, after many researches he proved that the tailbone is the only part in the body after death that doesn't decay or destroy or be finished even by burning under high temperature and it's the first thing to form inside the zygote, also it's contains the mother cells for the body of the fetus. The science proved that the tailbone is the primary organizer of the body in this life, but The science ignores that the tailbone is the primary organizer on the day of Resurrection, Finally every day the science proves that the sayings of the Quran and the sayings of the prophet are true.

7-The young people of the cave In The Holy Quran Allah says

"You would have seen the sun, when it rose, veering away from their cave towards the right, and when it sets, moving away from them to the left, as they lay in the midst of the cave. That was one of God's wonders. He whom God guides is truly guided; but He whom God misguides, for him you will find no directing friend, You would think them awake, although they were asleep. And We turned them over to the right, and to the left, with their dog stretching its paws across the threshold" The Holy Quran told us a miracle of the young people in the cave that were asleep for 300 years, to understand the miracle you should follow mind→1- the sun rises in their cave every day to ventilate the place 2- because they were asleep the sun rose away from them until not to burn them 3- Allah turned them over to the right, and to the left to protect and keep their bodies from decay or corruption 4- the dog stretching its paws, the dog was asleep for 300 years without moving or turning to the right or to the left for 300 years, and the science proved that Allah created glands under the dog's skin to protect from decay or corruption, so the dog stayed asleep without turning or moving for 300 years. Really Allah is capable of all things.

8- Water's reason for life, In The Holy Quran Allah says "We made every living thing from water" Exalted Allah created all living things from water, so all living things are formed by cells, also the cells are mostly made up of 80% of cytoplasm (the basic cell material), then every living thing is formed by a large quantity of water ,so if it lose 25% of water, it will die , also we know that all chemical interactions inside the cells couldn't be finished without water. Really Allah created all living things from water.

9- The ears are active while we are asleep; In the Holy Quran Allah says "Then We sealed their ears in the cave for a number of years." Notice that The Holy Quran told us a scientific truth more than 1400 years ago, that The ears are active while we are asleep, when we go to sleep, we use alarm clock to wake up ,the science proved that the ears are active during sleeping, the Holy Quran didn't said "We have made them asleep" in that case we didn't prevent their ears from hearing any noise in the outside, because they were asleep and their ears were active, but the Holy Quran said "We sealed their ears" in

that case we prevented their ears from hearing any noise in the outside, Exalted Allah wanted to isolate them from the outside world ,and that for two reasons 1- until not to wake up by noise in the outside world 2- until not to know the duration that they had stayed asleep, so when they waked up they asked themselves how long had they stayed asleep?, one of them said we had stayed for a night and another said we had stayed for a day, although they had stayed asleep for 300 years.

10-The mother milk In The Holy Quran Allah says "Mothers may nurse their babies for two whole years" Notice that The Holy Quran told us a scientific truth more than 1400 years ago, the two years of the nursing period, the scientists have discovered that mother milk contains antibacterial immune substances, particularly the nursing period is a suitable period for developing baby's immune system and antibodies that the baby needs and couldn't be found except in the mother milk, so Allah ordered mothers to nurse babies for two years.

11-The running sun, In The Holy Quran Allah says "And the sun runs towards its destination" Notice that The Holy Quran told us a scientific truth more than 1400 years ago, the running sun, the science proved that the sun runs 43200 miles an hour, and although the distance between the earth and the sun is 92 million miles, we feel that the sun is constant, surely it isn't constant, it runs 43200 miles an hour forever as Exalted Allah wanted.

12-The male's mother milk equals double density of the female's mother milk, in The Holy Quran Allah says "Allah instructs you regarding your Children: The male receives the equivalent of the share of two females." Notice that The male equals two females in the inheritance, but No one could imagine in the milk, the science proved that the density of the male's mother milk equals double density of the female's mother milk , believe or not believe that is the true, Really Allah is capable of all things.

13-DNA or Fingerprint code, In the Holy Quran Allah says "Most Blessed is Allah, the Best of Creators." Notice that Daroun's theory and man's origin was a monkey are myths, there was another myth supposed

that the number of mankind's souls is constant and unchanged in the world, and when some these souls die, they come back in new bodies and new lives, Really they didn't know Allah and His big miracles ,that He created everyone of us, Nobody of mankind has the same DNA or Fingerprint, Exalted Allah made a special title and a special code for every soul and every body that He created , so it's impossible to find two persons in the world have the same DNA or Fingerprint, Really Allah is the Best of Creators.

14-The mountains as pegs ,In the Holy Quran Allah says "And the mountains as pegs" Notice that **Allah** created the mountains as pegs to keep the earth balance and to keep it during the fluctuations or volcanoes or earthquakes, Notice that **Allah** said " as pegs" ,when you hit peg or nail in wood or in wall , one third of it is obvious and two thirds are hidden, the science proved that the obvious part of the mountain is one third of it and the two third are hidden, as Exalted Allah wanted.

15-The mountains run, In the Holy Quran Allah says " And you see the mountains, and imagine them fixed, yet they pass as the clouds pass " The Holy Quran told us a scientific truth more than 1400 years ago about the running mountains or the running globe, Notice that the mountains are in the globe so the mountains run as the globe runs, the sun runs 720.000 km an hour = 17.280 km a day, the globe runs around the sun 107.000 km an hour and it takes 365 days to complete a full turn and by that the rotating of the seasons . the globe runs around itself 1670 km an hour and takes 24 hours to complete a full turn and by that the rotating of day and night, All of that by Exalted Allah and as He wanted.

16-The Iron miracle, In the Holy Quran Allah says "And We sent down **iron**, in which is violent force, and for benefits of humanity" **Allah** told us a scientific truth more than 1400 years ago about **Iron**, Allah said " We sent down iron", the science proved that the iron wasn't found in our globe, but it has come from a giant star in outer space , elements of iron wasn't found on the earth, the elements has formed outside the earth, and the temperature in the sun isn't suitable for the formation of iron, the iron can only be in much larger star than the sun,

All of that proved that iron didn't form on the earth, So Exalted Allah Said" We sent down iron", for benefits of mankind as He wanted.

17- Separation of the two flowing seas, In the Holy Quran Allah says "He has let the two flowing seas, meeting together." Notice that the two seas meet together, yet keep separate, as if there was a barrier between them, **Allah** merged the two seas with a barrier between them, the two seas are salt, why is there a barrier between them?, the physics answered that the waters of neighboring seas don't mix. Caused by the difference in the density of their waters, how we could see that by eyes, we'll find a white line between them, that between the two seas, what about the neighboring waters sea and river, salt and sweet? The same cause, the difference in the density, thanks physics for proving a scientific truth that **Allah** told us in The Holy Quran more than 1400 years ago.

18-Sound levels in The Holy Quran more than 1400 years ago, let us to know the five sound levels In The Holy Quran (1-slight whisper 2- whisper 3-conversation 4- noise 5- loud noise) , thanks my Lord for The Holy Quran, thanks physics for proving that the all sayings of The Holy Quran are true : 1- the first level under 20 (dB) decibels →infrasound (Slight whisper)→ Allah says "Can you feel a single one of them, or hear from them the slightest whisper?" 2- the second level is about 30 dB→ whisper → Allah says "and you will hear nothing but whisper" 3- conversation is about 60 dB → Allah says "Not a word does he utter, but there is a watcher by him, ready" 4- noise above 70 dB →screaming→ Allah says "with no screaming to be heard from them, nor will they be saved" 5- loud noise above 120 dB → Allah says "and the Blast struck the wrongdoers, and they became motionless bodies in their homes." , also He says "But when the Great Cataclysm arrives" , finally Exalted Allah is capable of all things.

19-Sound waves : the sound waves are classified by three categories 1- infrasound 2- sound waves 3- ultrasound , the first and third are harmful and cause to death, so by them Allah caused the wrongdoers to die , Allah said "and the Blast struck the wrongdoers, and they became motionless bodies in their homes", then the sound became the cause of death, infrasound or ultrasound ,the science proved that exposure to infrasound or ultrasound causes high blood

pressure and death, sure you remember the saying of prophet Mohamed (PBUH) about the dead man in his tomb, that he hears and speaks in his tomb, he meant every dead man, but we can't hear, of course we can't , because he uses infrasound, infrasound lower than 20 dB, infrasound is inaudible sound, misleading and harmful sound, the science proved that some animals ,such as whales, elephants and giraffes communicate using infrasound over long distances, also There are many natural sources of infrasound, including meteors, earthquakes, volcanic eruptions, water falls, ocean waves, wind and any effect which leads to slow oscillations of the air, finally Exalted Allah is capable of all things.

20-The sky as a protected roof, In The Holy Quran Allah says " We made the sky a preserved and protected roof yet still they turn away from Our Signs." The atmosphere or the Protected Roof that The Holy Quran told us more than 1400 years ago, The atmosphere surrounding the earth serves crucial functions for the continuity of life. While destroying many meteors big and small as they approach the earth, it prevents them from falling to earth and harming living things. In addition, the atmosphere filters the light rays coming from space that are harmful to living things. Interestingly, the atmosphere lets only harmless and useful rays- visible light, near ultraviolet light, and radio waves pass through. All of this radiation is vital for life. Near ultraviolet rays, which are only partially let in by the atmosphere, are very important for the photosynthesis of plants and for the survival of all living beings. The majority of the intense ultraviolet rays emitted from the sun are filtered out by the ozone layer of the atmosphere and only a limited-and essential-part of the ultraviolet spectrum reaches the Earth, The Protective function of the atmosphere does not end here. The atmosphere also protects the earth from the freezing cold of the space, which is about minus 270° C.

21- The Relativity of Time, In the Holy Quran Allah says "A day with your Lord is equivalent to a thousand years in the way you count." The Holy Quran told us about The Relativity of Time more than 1400 years ago, today, the relativity of time is a proven scientific fact. This was revealed by

Einstein's theory of relativity. Until then, people did not know that time was a relative concept, and that it could change according to the environment. Yet, Einstein proved this fact with the theory of relativity. He showed that time is dependent on mass and speed, by easy way while a certain period time seems long for one person, it may seem short for another, also without clocks and calendars, it's impossible to make correct judgments about time, so a day with our Lord = 1000 days, the science proved that by The theory of relativity, finally Exalted Allah is capable of all things.

22- The Relativity of Time as a sign of God ,In The Holy Quran Allah says "He will say, "How many years did you remain on earth?", They will say, "We remained a day, or part of a day" We know **The Relativity of Time**, that every dynamic system has a special time calendar, sun or moon or the other planets , each star or planet has a special time calendar, so it's obvious for us, but we refer to another miracle of God, the time is controlled by Exalted Allah, the time is under the control of the Only Dominant One , the timeless One, and the evidences are 1-the young people in the cave who have remained asleep for 300 years, and waked up after 300 years in the same age without any change 2- the prophet Ezra that Allah caused him and his donkey to die for 100 years and kept his food and his drink fresh for 100 years, after that he lived at the same age that he had died, 3- all mankind that Allah resurrects them on the day of resurrection and asks them "How many years did you remain on earth?", They will say, "We remained a day, or part of a day" , Now in your opinion who is the Only Dominant One? ,surely we don't prove the science, but the science prove our faith, because we have the perfect truth, that Allah is the Only Dominant One, the One who created all things ,finally Exalted Allah is capable of all things.

23- He causes laughter and weeping, In the Holy Quran Allah says "And that it is He who causes laughter and weeping." Notice that The Holy Quran told us that Exalted Allah created the reasons of laughter and weeping, whether in the man's body or the situations, we say that the laughter or weeping is an electric signal reaches the brain , and the brain sends it to any part in the body by nerves, it's a complicated medical matter, but we refer to ability of God that created the brain and the situation, and the situation transforms into electric signal and so on. Then we refer to sky and earth and say that man isn't the only creature who weeps, but the sky and the

earth also weep, to know more listen to that Allah says "Neither heaven nor earth wept over them" , each one of us has a place on the earth where he worships Allah, and he has a lift to sky where his good deeds climb to Allah every day and every night, so if a believer dies his place on the earth and his lift to the sky will weep over him. And the antonym is the unbeliever; neither heaven nor earth will weep over him, because he has no good deeds.

24-Laughter was mentioned ten times In the Holy Quran:

1-Allah says "and you used to laugh at them" the unbelievers ridicule the believers. 2-Allah says "And that it is He who causes laughter and weeping" the general laughter. 3- Allah says "Let them laugh a little, and weep much" about the unbelievers. 4- Allah says "But when he showed them Our signs, they started laughing at them" the unbelievers ridicule the signs of God. 5- Allah says "Those who committed crimes used to laugh at those who believed" the unbelievers ridicule the believers. 6- Allah says "His wife was standing by, so she laughed. And We gave her good news of Isaac, and after Isaac, Jacob" laughter of wonder and surprise. 7- Allah says "an ant said, "O ants! Go your nests, lest Solomon and his troops crush you, without noticing.", He smiled and laughed at her words" about the prophet Solomon when he laughed at words of ant. 8- Allah says "And laugh, and do not weep?" Allah reminds the unbelievers to fear Him. 9- Allah says "Faces on that Day will be radiant, Laughing and rejoicing" in the paradise. 10- Allah says "But on that Day, those who believed will laugh at the unbelievers" they will laugh at the unbelievers on the last day.

25-Weeping was mentioned nine times In the Holy Quran:

1-Allah says "And they came to their father in the evening weeping" about Joseph's brothers and their artificial weeping, because they were liars, and the story of Joseph and the wolf they told was quite false. 2-Allah says "And that it is He who causes laughter and weeping" the general weeping. 3- Allah says "Neither heaven nor earth wept over them" , each one of us has a place on the earth where he worships Allah, and he has a lift to sky where his good deeds climb to Allah every day and every night, so the unbeliever, neither heaven nor earth will weep over him, because he has no good deeds. 4- Allah says "Let them laugh a little, and weep much" about the unbelievers. 5- Allah says "And laugh, and do not weep?" Allah

reminds the unbelievers to fear Him. **From 6 to 9** about the believers and their weeping by fear of God. 6- Allah says " So they went away, with their eyes overflowing with tears, sorrowful for not finding the means to spend" 7- Allah says "And they fall to their chins, weeping, and it adds to their humility" 8-Allah says "Whenever the revelations of the Most Gracious are recited to them, they would fall down, prostrating and weeping" 9- Allah says "And when they hear what was revealed to the Messenger, you see their eyes overflowing with tears, as they recognize the truth in it"

26- The expanding universe: In the Holy Quran Allah says "**And it is We who have constructed the heaven with might, and verily, it is We who are steadily expanding it.**", the science proved that "the universe hasn't a constant nature". The researches, observations, and calculations carried out by means of modern technology, at the beginning of the 20th century, the Russian physicist Alexander Friedmann and the Belgian cosmologist Georges Lemaitre theoretically calculated that **the universe is in constant motion and that it is expanding**. This fact was proved also by observational data in 1929. While observing the sky with a telescope, Edwin Hubble, the American astronomer, discovered that the stars and galaxies were constantly moving away from each other. A universe where everything constantly moves away from everything else implied a constantly **expanding universe**. The observations carried out in the following years verified that the universe is constantly expanding. **This fact was explained in the Qur'an** when that was still unknown to anyone. This is because **the Qur'an is the word of God**, the Creator, and the Ruler of the entire universe, finally Exalted Allah is capable of all things.

27-The visible light In the prophet's speech: the last prophet said "when you hear the crowing of the roosters, then ask Allah for His bounty, for verily they have seen an angel. When you hear the braying of a donkey, then seek refuge in Allah from devil, for verily it had seen a devil. The science proved that **The visible light** (between 400 nm to 700 nm) , the infrared has longer wavelengths (between 700 nm to 1mm) , ultraviolet has shorter wavelengths (between 400 nm to 10 nm) , the infrared and ultraviolet are invisible, so we can't see the infrared or ultraviolet

rays, and the devil is formed by the infrared, and the angel is formed by the ultraviolet, some of animals can see that rays, for example the donkey can see the infrared rays, therefore it can see devils. And the rooster can see the ultraviolet rays, therefore it can see angels. But we couldn't in the present life, surely we will be able at the death time, so Exalted Allah says "You were in neglect of this, so We lifted your screen from you, and your vision today is keen."

28-The forelock, In the Holy Quran Allah says "No indeed! If he does not stop, We will drag him by the forelock, A lying, sinful forelock "Notice that **The Holy Quran told us about the forelock, this area of the cerebrum is responsible for planning, motivation, and initiating good and sinful behavior, and is responsible for telling lies and the truth, It is clear by that statement "the lying, sinful forelock" This fact, which scientists have only discovered in the last 60 years, was stated by Allah in the Quran long years ago.**

29- The darkness in deep Seas and oceans: follow mind to understand In the Holy Quran Allah says "Or like utter darkness in a deep sea, covered by waves, above which are waves, above which is fog. Darkness upon darkness, If he brings out his hand, he will hardly see it. He to whom God has not granted a light has no light" The darkness in deep seas and oceans is found around a depth of 200 meters and below, At this depth and below a depth of 1000 meters there is no light, Human beings are not able to dive more than 40 meters down without the aid of special equipment. They can't in that deep and dark parts of the oceans, For these reasons, scientists have only recently been able to discover these detailed pieces of information about seas, However, the statement of "darkness in a deep sea" was used in the Quran It is certainly one of the miracles of the Quran that such information was given at a time where no equipment to enable man to dive into the depths of the oceans was available, Nowadays, we know about the general structure of the sea, the characteristics of the living things in it, as well as its surface area and depth, Submarines and special equipment, developed with modern

technology, enable scientists to obtain this information, **Finally Exalted Allah is capable of all things.**

30- The king and Pharaoh: follow mind to understand In The Holy Quran Allah says " **The king** said, "I see seven fat cows being eaten by seven lean ones, and seven green spikes, and others dried up. O elders, explain to me my vision, if you are able to interpret visions.", also Allah says "**Pharaoh** said, "Leave me to kill Moses, and let him appeal to his Lord. I fear he may change your religion, or spread disorder in the land." Moses was not the only prophet who lived in Egypt. The Prophet Joseph had lived in Egypt long before the time of Moses, it's supposed that the duration between the two prophets 4 generations , So if we supposed that Joseph had come to Egypt during " 16th or 17th dynasty" , then he had come during Hyksos' period ,they were the foreign rulers who ruled Egypt through 15th, 16th and 17th dynasty, and because they were foreign rulers, they weren't called "pharaohs" but "kings" , on the other hand when Hyksos were defeated by Egyptians under pharaoh Ahmos who founded "18th dynasty", Egyptology studies have proved that the name "Pharaoh" didn't adopt as a title of the ruler only with the beginning "18th dynasty", Moses was born in Egypt though 19th dynasty , it may be during rule of Pharaoh Ramses II or his son Marmpetah ,finally the king-pharaoh refer to that the holy Quran is Perfect and accurate in all His words.

31-Dr. Maurice Bucaille converted to Islam by this verse in the Quran: follow mind to understand In The Holy Quran Allah says "Today We will preserve your body, so that you become a sign for those after you. But most people are heedless of Our signs.", Moses was born in Egypt though 19th dynasty , during rule of Pharaoh Ramses II, and he had departed Egypt during rule his son Marmpetah, in 1976 Mummy of Pharaoh Ramses II reached Paris, and stayed there to examine it for seven months by Egyptology team under Maurice Bucaille the French surgeon, the team had examined the mummy , then they had discovered that the cause of death is by diseases of aging not by drowning , after that they examined the Mummy of his son Marmpetah, then they had discovered that the cause of death is by a strong hit in his

head, so they think that it's may Pharaoh Marmpetah had fallen on his head before drowning, Maurice had known by his Muslim friend about that verse "Today We will preserve your body" that he didn't find like it in the Bible , it only talked about Pharaoh's death and didn't mention anything about preserving his body after death , so this verse was a sign and cause of Dr. Maurice to convert to Islam after a long study, he wrote his famous book ' the Bible, the Quran and science , Finally Exalted Allah is capable of all things.

32-Haman was mentioned six times in the Holy Quran: follow mind to understand In The Holy Quran 1-Allah says" to show Pharaoh, Haman, and their troops, the very thing they feared", 2- Allah says "Pharaoh, Haman, and their troops were sinners", 3- Allah says "So fire-up the bricks for me O Haman, and build me a tower, that I may ascend to the God of Moses, though I think he is a liar", 4-Allah says "And Qarun, and Pharaoh, and Haman— Moses went to them with clear arguments, but they acted arrogantly in the land. And they could not get ahead", 5-Allah says "To Pharaoh, Haman, and Qarun, But they said, "A lying sorcerer." 6-Allah says " And Pharaoh said, "O Haman, build me a tower, that I may reach the roads, the roads of the heavens" , **Haman** was the Minister of construction Or the Prime Minister of pharaoh , No doubt **Haman** was the main reason of corruption of pharaoh, Some non-Muslims, who claim that the Prophet Muhammad (peace be upon him) wrote the Quran by copying from the Torah and the Bible, how could he know about ancient Egyptians Before any one know about them?, the writings of ancient Egypt could not be understood, The language of ancient Egypt was hieroglyphic, that was solved in 1799, surely Allah told him.

33-Grace of eye, In The Holy Quran Allah says "Do they not look at the camels—how they are created?, And at the sky—how it is raised?, And at the mountains—how they are installed?, And at the earth—how it is spread out?, So remind. You are only a reminder, You have no control over them" Notice that The Holy Quran told us about grace of eye, our eyes taking ten pictures per second, and 576,000 pictures a daily , functions for years and years without being electronically charged , Exalted Allah asked us to look at the creation of the camels, the mountains , the sky and the earth by our eyes to know that there is no Creator and no God but Allah, before you look

at the creation of the camels, the mountains , the sky and the earth by your eyes, look at your eyes by your eyes to know your One Creator and your One God.

34- Hypoxemia, In The Holy Quran, Allah says "Whomever Allah desires to guide, He spreads open his breast to Islam; and whomever He desires to misguide, He makes his breast narrow, constricted, as though he were climbing up the sky" Notice that The Holy Quran told us about Hypoxemia more than 1400 years, firstly you must know the difference between Hypoxia and Hypoxemia, Hypoxia is a condition or state in which the supply of oxygen is insufficient ,but Hypoxemia that the Quran mentioned is a condition or state in which there is a low oxygen supply, Hypoxemia occurs by climbing the high mountains (as though he were climbing up the sky), whenever you rise from the surface of the earth, the pressure air and oxygen decrease, so when you climb a high mountain you feel that your breast become narrow, this is Hypoxemia that the Holy Quran mentioned.

35- Creations of earth and heavens in 6 days, The Holy Quran Allah says "Say, "Do you reject the One who created the earth in two days? And you attribute equals to Him? That is the Lord of the all worlds." ,He placed stabilizers over it; and blessed it; and planned its provisions in four days, equally to the seekers, "Then He turned to the sky, and it was smoke, and said to it and to the earth, "Come, willingly or unwillingly.", They said, "We come willingly.", So He completed them as seven universes in two days, and He assigned to each universe its laws. And We decorated the lower universe with lamps, and for protection. That is the design of the Almighty, the All-Knowing. "
Notice that Holy Quran told us about creations of the earth and the seven heavens in **6 days**, 1- Exalted Allah sets the mountains on the earth standing firm, high above it, and bestowed blessing on the earth and measured all living things to give them nourishment in due proportion in **4 days**, in accordance with the needs of those who seek sustenance, 2- Then He turned to the sky, and it was smoke, and said to it and to the earth, "Come, willingly or unwillingly.", They said, "We come willingly.", So He completed them seven layers of earth and seven layers of heavens in **2 days**, Finally Exalted Allah is capable of all things.

36--Creations of earth and heavens have been completed in 2

days, In The Holy Quran Allah says " So He completed them as seven universes in two days" 1- He completed them seven layers of earth and seven layers of heavens in 2 days. 2- there is no sequence (of the Creation of the Earth and Heavens, may be the Heavens before the Earth or the Earth before the Heavens, because some verses mentioned Heavens before the earth and another mentioned the earth before the heavens. "who created the earth and high heavens" Surah Taha 3-the Quran refers to creations of the heavens and the earth in general. 4-we learned that when Allah created the heavens the earth was created or when Allah created the earth the heavens were created. (one mass then they have been separated) 5- Creations of earth and heavens have been completed in 2 days after He has finished creations of the mountains and all living beings on the earth in 4 days. 6-Allah has finished creation of the universe in 6 days as He mentioned in the Quran. 7-if Allah wants to create something or do something He only says to it "Be" and it is.

37-Layers of earth In the Holy Quran, Allah says "it's Allah Who created seven heavens, and of the earth the same number" Surah Divorce 65:12 ,Notice that Holy Quran told us about seven layers of earth, By geology we knew that The earth is made of many different and distinct layers. The deeper layers are composed of heavier metals, they are hotter, denser and under much greater pressure than the outer limits, 1- Continental Crust is formed over the continents. The thickest parts are under mountain ranges. 2- Oceanic Crust is found beneath the ocean floor and is much thinner than the continental crust, 3- Asthenosphere -is between the crust and the upper mantle, exhibits plastic properties. , Mantle: accounts for more than 80% of the volume of Earth. It is divided into zones of different densities. 4-The upper mantle is less dense 5-the lower mantle is more dense, Core: is the very center of the earth. It is made up of mostly iron (Fe) and nickel (Ni). It is divided into two parts: outer core, inner core , 6- Outer Core: is molten liquid and its liquid content with the dynamo effect generated by the rotating of the earth forms the protective magnetic field around it. , 7- Inner Core: is solid. This is the hottest layer.****

38-One mass, In The Holy Quran Allah says "Do the disbelievers not see that the heavens and the earth were one mass, and We clove them asunder?" Notice that The Holy Quran told us a scientific truth more than 1400 years ago, the science is still trying to prove that the heavens and the earth were joined together as one unit or one mass and how have they been separated? , but we can prove it by two evidences , the first evidence is that the earth is formed by 70 % of water, then most of the one mass would be under water. And the second evidence is the gravitation, Physically the gravitation seems to bind all mass together.

39-Turns during sleeping ,In The Holy Quran Allah says ."And we turned them to the right and to the left" **Notice that the normal person turns from 36 to 48 times during sleeping, while you sleep, there are many parts in your body don't sleep, as your brain, your brain doesn't sleep, when you sleep on one position for 10 minutes, you'd have a pressure on some parts in your body, that pressure causes lack of blood supply to that parts , so that parts sends a signal or message to the brain, also the brain sends a signal or message to the body to turn its position, so the body responds to the signal or message of the brain, and turns its position into another position, and that repeats each 10 minutes, so if you could calculate your turns during sleeping you'd find from 36 to 48 times during sleeping, for example sleeping for 6 hours, $6 \times 6 = 36$ turns, or sleeping for 8 hours , $6 \times 8 = 48$ turns , some people may turn from 24 to 32 times during sleeping, turn position for each 15 minutes, so their sleeping for 6 hours, $4 \times 6 = 24$ turns , or their sleeping for 8 hours , $4 \times 8 = 32$ turns during sleeping.**

40-He is with you ,In The Holy Quran Allah says "Thus We returned him to his mother, that she may be comforted, and not be sorrow, and know that Allah's promise is true. But most of them do not know" **Notice that Allah** mentioned that He returned Musa to his mother so she wouldn't be sad, look at Allah's concern for the sorrow in her heart, you shouldn't ever think that He doesn't care about you, He's aware of your pain, He's taking care of you, He's Al-Wadud, The Most Loving One, so don't worry because He's with you, if He's with you, who's against you?, and if He's against you, who's with you?, if you found Allah, you found everything, and if you lost Him, you lost

everything, He loves you more than anyone in your life, He waits you to return to Him in all times, Finally Exalted Allah is with you wherever you are.

41-Nine miracles to Pharaoh and his people, Allah said "And them, although their nafs were certain of them" why did they they rejected reject them, although their nafs were certain of them?, surely majority of people know the truth but they reject it, although they certain of it, perhaps by pride, or by profits that conflict with the truth, Pharaoh as a tyrant and criminal wants the truth as he likes, he found Musa(PBUH) as a poor man, so how does Pharaoh follow him, also children of Israel are slaves of him, they used to serve in the palaces and in the fields ,as slaves they serve by the lowest prices or they serve for food or they serve for free in the building of the temples ,how can Pharaoh as a tyrant and criminal allows them to leave Egypt, he'll lose them as slaves, how can Pharaoh as a tyrant and criminal believes in Musa(PBUH) ,even though there were ninety miracles with him not nine, Pharaoh as a tyrant and criminal must reject them, although his nafs was certain of them, about tyrants ,criminals and disbelievers Allah said "And even if We had sent down unto them angels, and the dead had spoken unto them, and We had gathered together all things before their very eyes, they would not have believed, unless Allah willed, but most of them behave ignorantly.

42- About Hypocrites Allah said "O you who believe! Do not take the Jews and the Christians as allies; some of them are allies of one another. Whoever of you allies himself with them is one of them. Allah does not guide the wrongdoing people; You will see those in whose hearts is sickness racing towards them. They say, "We fear the wheel of fate may turn against us." But perhaps Allah will bring about victory, or some event of His making; thereupon they will regret what they concealed within themselves." Hypocrites(the word and its derivatives) were mentioned 37 times In The Holy Quran, hypocritical men 27

times, hypocritical women 5 times, act hypocritically 2 times, Hypocrisy 3 times =37, Allah says "Inform the hypocrites that they will have a painful punishment" also Allah says " The hypocrites try to deceive Allah, but He is deceiving them. And when they stand for prayer, they stand lazily, showing off in front of people, and remembering Allah very little" **Notice that** the signs of Hypocrisy are to be lazy when it's time for prayer, and to remember Allah very little, so everyone who celebrates the praises of Allah so much, he is clear of Hypocrisy, and about those Allah says "Those who celebrate the praises of Allah, standing, sitting, and lying, and they reflect upon the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory to You! So protect us from the punishment of the Fire" ,But the hypocrites are liars and sinners, so Allah says about them "Allah does witness that the hypocrites are indeed liars " about the punishment of them Allah says "The hypocrites will be in the lowest level of the Fire, and you will find no helper for them" .- The prophet (PBUH) said "The first to be judged on the Day of Resurrection will be a man who had died as a martyr. He will be brought forward. Allah will remind him of the favors He had bestowed upon him and the man will acknowledge them. Then He will ask him: `What did you do to express gratitude for it?' The man will reply: `I fought for Your Cause till I was martyred.' Allah will say: `You have lied. You fought so that people might call you courageous; and they have done so.' Command will then be issued about him and he will be dragged on his face and thrown into Hell. Next a man who had acquired and imparted knowledge and read the Quran will be brought forward, Allah will remind him of the favors He had bestowed upon him and the man will acknowledge them. Then He will ask him: `What did you do to express gratitude for it?' The man will reply: `I acquired knowledge and taught it, and read the Quran for Your sake.' Allah will say to him: ` You have lied. You acquired knowledge so that people might call you a learned (man), and you read the Quran so that they might call you a reciter, and they have done so.' Command will then be Issued about him, and he will be dragged on his face and thrown into Hell. Next a man whom Allah had made affluent and to whom Allah had given plenty of wealth, will be brought forward, Allah will remind him of the favors He had bestowed upon him and the man will acknowledge them. He will ask him: `What did you do to express gratitude for it?' The man will reply: `I did not neglect any of the ways you liked wealth to be spend liberally for Your sake'. Allah will say to him: `You have lied. You did it so that people might call you generous, and they have done so. 'Command will

then be issued about him and he will be dragged on his face and thrown into Hell." (Mohammad the last prophet)

43-Atom or something smaller in the Quran: follow mind to understand In the Holy Quran Allah says **"Not even an atom's weight in the heavens and the earth, or something smaller or greater Than it is hidden from Him, but all are in a clear record."**, Pay attention to importance of the atom and the knowledge it While the Quran stresses the importance of the atom, it emphasizes also the subatomic particles, **"Or something smaller "**, you should know that Men contemporary with the Prophet Mohamed(PBUH) could not possibly have known that in the atom and subatomic particles, but the Quran addresses you in this century ,The Quran asserts the existence of the atom and the subatomic particles is relevant to the present day information that physics has discovered. The knowledge obtained today by means of Physics to study the structure of the universe that are interrelated with the data of atomic physics. Another miraculous sign of the Quran is its referring to the weight of the atom and its smaller parts (protons and electrons).

44-The quark, 1-"Whoever has done an atom's weight of good will see it. And whoever has done an atom's weight of evil will see it.", In The Holy Quran Allah says **"Allah does not commit an atom's weight of injustice"** , 2-also In The Holy Quran Allah says **" and will not be wronged as much as knocking."** ,logically the Quran was referring to a scale even smaller than the atomic weight, in 2000, it was proved that each proton is a massless particle contains elementary particles that are 1000 times smaller, called quarks, A quark doesn't follow an orbit, but rather engages in a cyclical vibration just like a ball knocking inside an empty bell, this why the Quran used the word "knocking" , also the Quran states the scale in the judgment day would be 100,000,000 times smaller than the atomic weight.

45-Many wonders In the Quran, 1-Ant speaks "O ants! Go into your nests, lest Solomon and his troops crush you, without noticing.", another wonder In The Quran 2-Hoopoe speaks" I found a woman ruling over them, and she was given of everything, and she has a magnificent throne", and defends "If only they would worship Allah, who brings to light the mysteries of the heavens and the earth, and knows what you conceal and what you reveal, Allah, There is no god

but He, the Lord of the Sublime Throne”, another wonder in the Quran 3-when the prophet Jonah was swallowed by the whale, he praised Allah in darkness of the whale's belly, so Allah answered him, and saved him, and what he said “There is no god but You! Glory to You! I was one of the wrongdoers!” surely he said that when he listened to water creatures, he found all of them praise Allah, and that leads him to praise Allah too. 4-Another wonders around you that Allah created sun, moon, air, fire, water, food, animals, birds, earth and all things on the earth for you, all these things leads you to Him, also He created your parents, your wife, your kids and you and created all parts in your body for you, all these parts or all blessings you have leads you to Him, He doesn't need you, but you need Him, and you can't live without Him, So don't lost Him.

46-Who has raised us up, In the Holy Quran Allah says " They will say: O Woe to us! Who has raised us up from our sleeping- place." Notice that meaning, their graves, which in this world they thought they would never be raised from. When they see with their own eyes that in which they had disbelieved, this does not contradict the fact that they will be punished in their graves, "They will sleep before the Resurrection that will be between the two trumpet blasts , they will say, `Who has raised us up from our sleeping - place" When they say that, the angels and believers will respond "This is what the Most Gracious had promised, and the Messengers spoke truth! ", After the first trumpet blast all who are in the heavens and all who are on the earth will die, and after the second trumpet blast all who are in the heavens and all who are on the earth will resurrect for the Day of Judgment.

47-No doubt they will be punished in their graves, They will have been asleep for forty, may be forty months or forty weeks or forty days between the two trumpet blasts before the second trumpet blast (the Resurrection blast), After the first trumpet blast all who are in the heavens and all who are on the earth will die, and after the second trumpet blast all

who are in the heavens and all who are on the earth will resurrect for the Day of Judgment, they will say, "Who has raised us up from our sleeping -place" When they say that , the angels and believers will respond "This is what the Most Gracious had promised, and the Messengers spoke truth! ", 48-**Like butterflies** ,In The Holy Quran Allah says "The Day when the people will be like scattered butterflies." ,That will be after the first trumpet blast, also Allah says " they will emerge from the graves, as if they were swarming locusts." , and that will be after the second trumpet blast ,it's a rhetorical description of "people like scattered butterflies", because butterflies move in a messy and irregular way, as people will be after the first trumpet blast, then another rhetorical description of "people like swarming locusts", because locusts move in a regular way, as people will be after the second trumpet blast on the Resurrection day.

49-**When Allah** the Almighty called All His prophets by their names and said O Noah! ,O Ibrahim! ,O Musa!,... **but When He called Mohamed (PBUH), He said" O Messenger, O Prophet,** In The Holy Quran **Allah** says" Nor does he speak of his own desire, It is only an inspiration that is inspired", **Allah** says "We have not sent you except as mercy for the Alamin(mankind, Jinn and all that exists" , **also Allah** says "Allah and His angels give Blessings to the Prophet. O you who believe, call for Blessings on him, and greet him with a prayer of peace", the prophet(**PBUH**) said "whoever sends blessings upon me once, Allah will erase ten sins from him, and will raise him ten degrees in status, and whoever sends blessings upon me ten times, Allah will erase 100 sins from him, and will raise him 100 degrees in status, and whoever sends blessings upon me 100 times, Allah will erase 1000 sins from him, and will raise him 1000 degrees in status, and whoever sends blessing upon me 1000 times, Allah will forbid fire to touch him, "Muhammad is the Messenger of Allah. Those with him are stern against the disbelievers, yet compassionate

amongst themselves. You see them kneeling, prostrating, seeking blessings from Allah and approval. Their marks are on their faces from the effects of prostration. Such is their description in the Torah, and their description in the Gospel: like a plant that sprouts, becomes strong, grows thick, and rests on its stem, impressing the farmers. Through them He enrages the disbelievers. Allah has promised those among them who believe and do good deeds forgiveness and a great reward."

50-**If a dog licked the dish**, the prophet (PBUH) said, "If a dog licked the dish of anyone of you, it's essential to wash it seven times using sand in the first time." The modern science proved that the dog's saliva contains harmful microbes stay in the dish that the dog has licked ,and don't die only if we wash it by sand, The prophet (PBUH) had said that since more than 1400 years, The modern science proved that his saying is a scientific fact, it's impossible to be a coincidence.

51- **If a fly falls in the dish** ,**The prophet (PBUH) said**, "If a fly falls in the dish of any of you, dip all of it (into the dish) and then throw it away, for in one of its wings there is a disease and in the other there is healing (antidote for it) the treatment for that disease." The modern science proved that one of its wings there is a disease and in the other there is anti-bodies for it , The prophet (PBUH) had said that since more than 1400 years, The modern science proved that his saying is a scientific fact, it's impossible to be a coincidence. (Peace and blessings upon him)

52-**360 joints** ,The prophet (PBUH) said, "every one of the children of Adam has been created with 360 joints ,for each of which he must give alms, until 1995 it's thought that there are 340 joints in the human body , in 1995 a scientific institute proved that the internal ear consists of 10 joints, the two ears consist of 20 joints, the total 360 joints as The prophet (PBUH) had said that since more than 1400 years, The modern science proved that his saying is a scientific fact, it's impossible to be a coincidence . (Peace and blessings upon him)

53-**How to sleep**, the prophet(PBUH) **advised us to sleep early and to wake up early**, and that can make us active and increase energy in our

bodies, the prophet (PBUH) advised us to sleep in the right side position, (Non right side sleeping position + full stomach) cause pressure on stomach and heart, and lead to increasing of airflow resistance and may lead to sudden death, Sleeping bed does not cause much bone pressure like bad sleeping positions ,The prone sleeping and supine sleeping positions have been found to be associated with an increasing of airflow resistance, and it may cause sudden death during sleeping, and it's common among infants. (Peace and blessings upon him)

54-the prophet (PBUH) said "No man fills a container worse than his stomach. A few morsels that keep his back upright are sufficient for a man. If eating is necessary , he should fill one-third with food , one-third with drink ,and leave one-third for (easy) breathing" the prophet(PBUH) advised us to avoid overeating (full stomach), we know that many diseases by overeating , body doesn't need much food, little is enough for energy , but more than a need lead to fats and many diseases, the prophet(PBUH) advised us" one-third with food , one-third with drink ,and leave one-third for (easy) breathing" .

55-How to eat, The prophet(PBUH) taught us how to eat 1-wash hands before eating 2-eating with right hand 3-sitting while eating 3-saying (Bismillah) in the name of Allah 4-eating with three fingers 5-eating together 6-After finishing saying (Alhamdullilah) thank to Allah, Also the prophet (PBUH) taught us how to drink water 1-with right hand 2-by sitting 3-saying (Bismillah) in the name of Allah 4-drinking water in three sips 5-After finishing saying (Alhamdullilah) thank to Allah, about drinking water in three sips, this method is beneficial for quenching the thirst, this method will change the temperature inside the stomach gradually not sudden, but when water is drunk in one sip, the gases in the stomach will ascend causing flatulence and stomachache, drinking water in three sips is beneficial for those who live in hot regions. (Peace and blessings upon him).

56- The female scorpion or spider ,ability of Allah in everything around you, do you know that the female scorpion kills her male and eats him after the interrelationship , and her babies do the same thing with her after two weeks, also the same thing happens with the female spider, maybe you think that is abnormal in one family, but that is very normal, the male scorpion or spider sacrifices by himself for his babies, because it's only way to produce a strong generation bearing

climate fluctuations and can live for a long time, the same thing is done by the female scorpion or spider, sacrifices by herself for his babies, to live for long time, that isn't words, but as a result of scientific research and experiments ,finally Exalted Allah is capable of all things.

57-A dead ant, ability of Allah in everything around you ,do you know that the dead ant emits a chemical known as Oleic Acid that helps ants to know her body is dead, and to move the body to a sort of burial ground, if this Oleic Acid is sprayed on a live ant, other ants will treat it as a dead ant, and will move her body to a sort of burial ground, Although it is alive, finally Exalted Allah is capable of all things.

58-Mosquito, In the Holy Quran Allah says "Allah does not shy away from making an example of a mosquito, or something above it, As for those who believe, they know that it is the Truth from their Lord. But as for those who disbelieve, they say, "What did Allah intend by this example?", the scientists discovered that mosquito has 100 eyes on her head, 3 hearts, 3 wings on each side, 6 knives in its nose and each knife has a special use, 48 teeth in its mouth , thermal sensors by it can sense of its prey, a device to numb the place of prey's body, a device to analyze prey's blood, and a device to reduce prey's blood density , mosquito causes fatal diseases such as yellow fever, Malaria and elephantiasis, that small creature could kill you ,finally Exalted Allah is capable of all things.

59-Victory was mentioned 19 times In The Holy Quran Allah says "this is the great victory**" , victory In The Holy Quran is classified by two types 1- clear victory 2- supreme or great victory , 1-clear victory:- when you are saved from hell, Allah says" Whoever is spared on that Day—He had mercy on him. That is the clear victory" 2- supreme or great victory:- when you live in the paradise , Allah says " Allah has prepared for them gardens beneath which rivers flow, wherein they will abide Forever. That is the great victory" , also 2- supreme or great victory:- when Allah is pleased with you, Allah says " Allah is pleased with them**

, and they are pleased with Him. He has prepared for them Gardens beneath which rivers flow, where they will abide forever. That is the great victory", also Allah says " Allah has promised to Believers, men and women, gardens under which rivers flow, to dwell therein, and beautiful mansions in gardens of everlasting bliss. But the greatest bliss is the good pleasure of Allah. That is the supreme victory", May Allah is pleased with Islam Ummah in the hereafter.

60- Lightning and eye blink, the prophet says: “Don't you see that the lightning comes and back in an eye blink” There is a full identification between our prophet saying and the most recent discovery concerning the lightning flash as scientists had found that the lightning flash happens when a ray of lightning gets out of the cloud toward the ground and back again to the cloud., Scientists had found that Time of the lightning flash is 25 fraction of a second and this is the same as time of eye blink., it's impossible to be a coincidence.

61-The Rainbow mountains, In the Holy Quran Allah says "Have you not seen that Allah sends down water from the sky? With it We produce fruits of various colors. And in the mountains are streaks of white and red of varying shades, and some extremely black" Notice that Rainbow mountains in China was mentioned in The Holy Quran more than 1400 years ago.

62-The burning sea, In the Holy Quran Allah says "And the seething sea" Notice a scientific truth that was mentioned in the Holy Quran more than 1400 years, about the seething sea, the expression of masjur refers to the boiling water, filled with fire, there are volcanoes underwater, these volcanoes are called submarine volcanoes or underwater volcanoes, the burning ocean or the burning sea, the sea filled with fire, it's an incredible thing, how do water and fire meet together in the same place? Subhan' Allah!

63-The female honeybee In the Holy Quran Allah says "**And your Lord revealed the female honeybee; build homes in mountains, and trees, and in the hives people built for you.**" The Holy Quran uses the feminine gender of bee, to show that the acts were

performed by the female bee to make honey, The working of the female honeybee is (Building of hive, Collecting of nectar, new material for honey production and Making honey), All those three functions are performed by female bees, Inside the belly of the female honeybee there are two stomachs, nectar stomach and honey stomach ,There is a valve in the honey stomach is that prevents stored nectar from passing , in that honey there is healing for people, Notice that the word "healing" had mentioned In The Holy Quran four times, once about honey Allah says "in which there healing for people" ,and three times about The Holy Quran as healing Allah says "We send down in the Quran healing and mercy for the believers"

64- His Kursi and His Throne, 1-"His Kursi extends over the heavens and the earth" 2-" Glorified be the Lord of the heavens and the earth, the Lord of the Throne, beyond what they describe ." , there're Kursi and throne , the heavens and the earth are surrounded by the Kursi , the Kursi is surrounded by the throne, but they're not for sitting as we imagine, the Kursi to preserve the heavens and the earth, and throne to preserve the Kursi , heavens and the earth , the size of the heavens and the earth in comparison to the Kursi like a ring was thrown in the desert , and the size of the Kursi in comparison to the throne like a ring was thrown in the desert, through hadith like ring or circle we imagine it like atomic energy levels, the 7 levels of atomic nucleus, we imagine that the earth is the atomic nucleus, the first level of the nucleus is the first heaven, the second level is the second heaven, the third level is the third heaven, the fourth level is the fourth heaven, the fifth level is the fifth heaven, the sixth level is the sixth heaven, the seventh level is the seventh heaven, the eighth level is the Kursi and we know that the size of the heavens and the earth in comparison to the Kursi like a ring was thrown in the desert, the last level of all creatures is the throne and we know that the size of the Kursi in comparison to the throne like a ring was thrown in the desert, out of the throne there're not creatures, because the throne is the roof of all the creatures.

65-Paradise as wide as the heavens and the earth, Allah said "and a Garden as wide as the heavens and the earth, prepared for the righteous." , disbelievers ask what's the meaning of Garden? , the answer "Garden means Paradise" , the disbelievers ask if Paradise as wide as the heavens and the earth where's Hell?, the disbelievers don't know that the heavens and the earth are surrounded by the Kursi , and the Kursi is surrounded by the throne, the disbelievers

don't know that the size of the heavens and the earth in comparison to the Kursi like a ring was thrown in the desert , and the size of the Kursi in comparison to the throne like a ring was thrown in the desert, the disbelievers don't know that the last level and the roof of all creatures is the throne, the disbelievers don't know what Exalted Allah said about that day (the hereafter), Allah said "On the Day when the earth is changed into another earth, and the heavens, and they will emerge before Allah, the One, the Irresistible", the disbelievers don't know that Allah said as not is "and a paradise as wide as the heavens and the earth" , so it's so much big, it's above the seventh heaven , starts after the seventh heaven, and probably the throne is the roof of it.

66- He is farther and higher from the throne, The Exalted Allah said "The Most Merciful; on the Throne He estawa." , Allah said " It is He who created the heavens and the earth in six days, then estawa over the Throne." , what's the meaning of "estawa" ? , estawa doesn't mean captured or settled , it means He is farther and higher from the throne, it doesn't for sitting as we imagine, also when we know the job of the throne we'll understand that Allah creates the throne as a last level of all creatures , another proof asserts that estawa doesn't mean captured or settled, Allah said "then estawa to the heaven, and made them seven heavens." 2-29 , estawa here means turn to the heavens and made them seven heavens, then created Kursi "His Kursi extends over the heavens and the earth" , then created the "throne " the last level of all creatures , " Glorified be the Lord of the heavens and the earth, the Lord of the Throne." , the heavens and the earth are surrounded by the Kursi , the Kursi is surrounded by the throne, the Kursi to preserve the heavens and the earth, and throne to preserve the Kursi , heavens and the earth, the size of the heavens and the earth in comparison to the Kursi like a ring was thrown in the desert , and the size of the Kursi in comparison to the throne like a ring was thrown in the desert, but Allah said "His Kursi" , "His Throne" , yes Allah said that as He said "His servants", "His Creation" , Allah said "and breathed into him Of My spirit" we know Kaaba or Mosque is His House, the adding here for greatness, so Allah said " Allah—There is no god but He, the Lord of the Sublime Throne." the last level of all creatures is the throne and we know that the size of the Kursi in comparison to the throne like a ring was thrown in the desert, out of the throne there're not creatures, the throne is the roof of all the creatures.

67-Water's reason for death, water retention in your body could kill you, In The Holy Quran Allah says "And We send the fertilizing winds; and send down water from the sky, and give it to you to drink; and you are not the ones who store it." , our bodies are formed by 60% of water, and that is constant and unchanged, so any cup of water in = any cup of water out , any drop of water in = any drop of water out , we couldn't store it in our bodies, surely water retention causes fatal diseases such as Heart failure, liver disease, kidney failureetc. , to save a life of patient we should allow the stored water to be out of his body by any way, Subhan' Allah! Water is reason for your life and reason for your death, finally Exalted Allah is capable of all things.

68-The present life like water, In the Holy Quran Allah says " the Present life: it is like water that We send down from the sky " , Why do think the present life like water In the Holy Quran? , 1- Because water doesn't settle in the same place, as the Present life. 2- Because no one approaches from the water without being wet, as the Present life. 3- Because a little of water is enough, and more of it is dangerous, as the Present life.

69- Four lessons for all people through Surah Cave, 1-test in your religion, the young people of the cave said "Now that you have withdrawn from them, and from what they worship besides God, take shelter in the cave. And your Lord will unfold His mercy for you, and will set your affair towards ease." –either fight or escape to protect your religion, 2-test in your wealth and your children, the owner of the garden said to his friend "I am wealthier than you, and greater in manpower." - So Allah said" Wealth and children are the adornments of the present life; but the things that last, the virtuous deeds, are better with your Lord for reward, and better for hope." 3-test in knowledge, Moses said to him, "May I follow you, so that you may teach me some of the guidance you were taught?" –to get knowledge you should be modest and patient. 4-test in rule of people, Allah said "O Zul-Qarnain, you may either inflict a penalty, or else treat them kindly." –to rule people you should be a fair ruler as Zul-Qarnain was.

70-The main goals of Joseph's message in Egypt , 1- to save the Egyptian people from starvation. 2- to release them from worship of kings or idols. 3- to call them to worship Allah The Only One God. 4- to establish a strong nation. 5- to spread

equality and justice in society. Finally let's try to understand the wisdom of Allah through Joseph's story , If we suppose that Joseph's brothers didn't put him at the bottom of the well, what would happen to Joseph, or if we suppose that The governor's wife didn't put him in the prison what would happen to Joseph ,So all things that seem bad things ,it may be good things , Allah The Creator of all things, The Only One Who knows outer and inner of all things ,also has the perfect knowledge of all things , the well led Joseph to Egypt , the prison led him to interpret vision of the king, the vision of the king led him to be The governor of Egypt . Subhan' Allah!

71-The difference between al-Ruh and al-Nafs in Islam part one, al-Ruh means soul and al-Nafs means ego or self, al-Nafs always be accused by evil , and it always be attributed to the owner, but al-Ruh always be attributed to Allah, In The Holy Quran Allah says " al-Nafs commands evil, except those on whom my Lord has mercy.", Allah says "Thus my nafs prompted me.", also Allah says "Whatever good happens to you is from Allah, and whatever bad happens to you is from your own self.", you know that al-Nafs is existing before your body and before your life, it's die, and its death by leaving body, it remains after death, In The Holy Quran Allah says "Every nafs will have a taste of death" , Subhan' Allah! al-Ruh and al-Nafs are evidences assert that Exalted Allah is capable of all things.

72- The difference between al-Ruh and al-Nafs in Islam part two, al-Nafs always be accused by evil , and it always be attributed to the owner, but al-Ruh always be attributed to Allah, In The Holy Quran Allah says " Then His nafs prompted him to kill his brother" ,Allah says "We created the human being, and We know what his nafs whispers to him." , also Allah says "They give them priority over themselves, even if they themselves are needy." , al-Nafs maybe order you by good things, Allah mentioned that tranquil nafs In The Holy Quran, Allah said "O tranquil nafs, Return to your Lord, pleased and accepted, Enter among My servants, Enter My Paradise.", al-Ruh always be attributed to Allah, but if al-Nafs was attributed to Allah , it means The Self-divine, Allah says "Had I said it, You would have known it. You know what is in my nafs, and I do not know what is in your nafs. You are the Knower of the hidden.", surely al-Ruh and al-Nafs are evidences assert that Exalted Allah is capable of all things.

73-The difference between al-Ruh and al-Nafs in Islam part three, In the Holy Quran Allah says "Allah takes al-anfos(pl. of nafs) at the time of their death, and those that have not died during their sleep. He retains those for which He has decreed death, and He releases the others until a predetermined time. In that are signs for people who reflect", Al-nafs which departs the physical body is of two types; the first is called the lesser death, happening during sleeping, and then the actual death. In both occasions, al-nafs departs the body, although his Ruh does not Separate his physical body in the sleeping, but it departs the physical body in the actual death, and the evidence is that he breathes during sleeping, Allah says "*Then He fashioned him (man) in due proportion and breathed into him His Ruh(Soul created by Allah for that person); and He gave you hearings (ear) sights (eyes) and hearts. Little is the thanks you give*", al-Ruh always refers to puff of life, as Allah mentioned about Adam (PBUP), Allah said "When I have formed him, and breathed into him Of My spirit, fall down prostrating before him." , Surely al-Ruh and al-Nafs are evidences assert that Exalted Allah is capable of all things.

74- The difference between al-Ruh and al-Nafs in Islam part four, al-Ruh means soul, it always be attributed to Allah, in the Holy **Quran**: it refers to 1- **Quran**: al-Ruh may be used in the Quran to mean the Book itself, due to what it breathes in believers of conviction as well as guiding them to earn the Grace and Mercy of their Lord. Allah says "*And thus We have sent to you (O Muhammad) Ruh (a revelation) of Our command. You knew not what is the Book, nor what is faith? But we made it (this Ruh (Quran)) a light wherewith we guide whosoever of Our slaves we'll And. Verily, you (O Muhammad) are indeed guiding (mankind) to a straight path*" , 2- **Angel Jibril**: the term may be used to imply Angel Jibril, Allah says"*(Quran) which the Ruh al-Amin has brought down*", 3- **Isa son of Maryam**: al-Ruh is used in the Quran in reference to Prophet Isa (PBUH) Allah said "*the Messiah Isa son of Maryam was no more than a Messenger of Allah and His Words, which He bestowed on Maryam and a Ruh created by Him.*" , 4- **Allah's Assistance and Strengthening**: al-Ruh is used to imply Allah's support, assistance and strengthening of believers ,Allah says "Those—He has inscribed faith in their hearts, and has supported them with *a Ruh from him*", finally Exalted Allah is capable of all things.

75-The difference between al-Ruh and al-Nafs in Islam part five, al-Ruh always refers to puff of life In the Holy Quran Allah says "And they ask you about al-Ruh. Say, "al-Ruh belongs to the domain of my Lord;

and you were not given except little knowledge.”, notice that morals, faith, awareness, and conscience dominance by al-Ruh dominance, al-Ruh is distinguished by its upper position , Allah said “and breathed into him of My spirit”, al-Nafs was mentioned 296 times, but al-Ruh was mentioned 25 times in The Holy Quran, al-Ruh always be attributed to Allah, because it's a big miracle and secret of The Creator forever.

76-The difference between al-Ruh and al-Nafs in Islam part six, al-nafs is existing before your body and after your death, so your resurrection is twice and your death is twice, In The Holy Quran Allah says "They will say, “Our Lord, you made us die twice, and twice you gave us life. Now we acknowledge our sins. Is there any way out?”, notice that your resurrection is twice, the first resurrection took place when you were born into this world, the second resurrection takes place on the Resurrection day ,also your death is twice, the first death took place when your nafs was brought out and you testified to Allah being your only Rabb, that first death had lasted until you were born into this world , the second death terminates your life in this world, Allah says "Every nafs will have a taste of death" ,really every nafs have a taste of death twice .

77-The first proof that al-nafs is existing before existing of the body and after the death, and the death is twice, 1-the first proof is the prophet saying(hadith), the prophet Mohammed (PBUH) said "I was the prophet when the prophet Adam was still in the (uncreated) state between clay and water." Let's thinking about that "I was the prophet when Adam was still uncreated", the first proof asserts that al nafs is existing before this life, 2-the second proof In the Holy Quran Allah says "And when Your Lord brought forth from the children of Adam, and made them testify about themselves. “Am I not your Lord?” They said, “Yes, we testify.” Thus you cannot say on the Day of Resurrection, “We were unaware of this.” ,3-the third proof In The Holy Quran Allah says "They will say, “Our Lord, you made us die twice, and twice you gave us life." the first death took place when your nafs was brought out and you testified to Allah being your only Rabb, that first death had lasted until you were born into this world, the second death terminates your life in this world, Allah says "Every nafs will have a taste of death" ,really every nafs have a taste of death twice .

78-The fourth proof that al-nafs is existing before existing of the body and after the death, and the death is twice, 4-the fourth proof In The Holy Quran Allah says "He said, “I am the servant of Allah. He

has given me the Scripture, and made me a prophet, And has made me blessed wherever I may be; and has enjoined on me prayer and charity, so long as I live, And kind to my mother, and He did not make me a disobedient rebel, So Peace is upon me the day I was born, and the day I die, and the Day I get resurrected alive.”, let's thinking about that words of Jesus son of Mary(PBUH), all that words in the past (has given me, made me, has made me) made me a prophet, and he still a baby, the fourth proof asserts that Allah made him a prophet before this life, as the prophet Mohammed (PBUH) said "I was the prophet when the prophet Adam was still in the (uncreated) state between clay and water." , finally Exalted Allah is capable of all things.

79-The fifth proof that al-nafs is existing before existing of the body and after the death, and the death is twice, 5-the fifth proof In The Holy Quran Allah says "and when Allah received the covenant of the prophets, "In as much as I have given you of Scripture and wisdom, should a messenger come to you verifying what you have; you shall believe in him, and support him." He said, "Do you affirm My covenant and take it upon yourselves?" They said, "We affirm it." He said, "Then bear witness, and I am with you among the witnesses, Whoever turns away after that—these are the deceitful." , let's thinking about that, surely Exalted Allah is capable of all things, but that covenant took place before this life, the fifth proof asserts two things 1- al-nafs is existing before existing of the body 2-the prophet Mohammed(PBUH) is right, Islam is right, The Holy Quran is right and the prophet Mohammed(PBUH) path is the only right path to Allah,

80-The total difference between al-Ruh and al-Nafs in Islam, al-Ruh means soul and al-Nafs means self, al-Nafs always be attributed to the owner, but al-Ruh always be attributed to Allah, In The Holy Quran Allah says " al-Nafs commands evil, except those on whom my Lord has mercy." Let us imagine the human being like a car is driven by someone, the body of the car is consists of body, energy and someone who drives , the energy is al-Ruh "soul" and the man who drives is al-Nafs "self" , 1-Allah said "Say, "The Spirit belongs to the domain of my Lord", Allah said" His is the creation, and His is the command.", al-Ruh be attributed to His Command, and al-Nafs be attributed to His creation, 2-then human beings, jinn, birds, animals, insects and all living creatures have Ruh and Nafs ,but there' re levels of al-Ruh and al-Nafs, the upper level of al-Ruh, Ruh of human being , Allah said"and breathed into him Of My spirit" ,and Nafs "self"

of human being is sane and aware so it responsible for her actions, 3- plants have no Ruh or Nafs and they 're alive by secret of life. 4- the death happens when al-Ruh departs the body , al-wafaa happens when al-Nafs departs the body and the angels take it because it was in charge, so every mutawafa is dead ,but not every dead is mutawafa, al-wafaa belongs to al-Nafs of human beings and jinn, 5- al-Ruh and al-Nafs don't die but the body dies when al-Ruh and al-Nafs depart it. 6- al-Nafs is existing before existing of the body, Allah says "And when Your Lord brought forth from the children of Adam, and made them testify about themselves. "Am I not your Lord?" They said, "Yes, we testify." Allah says "They will say, "Our Lord, you made us die twice, and twice you gave us life.", prophet saying(hadith), the prophet Mohammed (PBUH) said "I was the prophet when the prophet Adam was still in the (uncreated) state between clay and water." 7- during your sleep Al-nafs which departs the physical body is of two types; the first is called the lesser death, happening during sleeping, and then the actual death. In both occasions, al-nafs departs the body, although his Ruh does not Separate his physical body in the sleeping, but it departs the physical body in the actual death, and the evidence is that he breathes during sleeping.

81-The difference between your wife, your woman and your companion (sahba) In The Holy Quran , the prophet (PBUH) was asked which type of woman is the best?" he replied "when you look at her, you feel happiness." Now notice that The Holy Quran is very accurate,1-the Quran had mentioned (your wife) when there were a sexual relation and compatible relation between the couple, Allah said "O Adam, inhabit the Garden, you and your wife", Allah said "O Prophet! Say to your wives,", 2-the Quran had mentioned (your woman) when there was a sexual relation but there wasn't compatible relation between the couple, Allah said "Allah illustrates an example of those who disbelieve: woman of Noah and woman of Lot." , Allah said "And Allah illustrates an example of those who believe: woman of Pharaoh," Allah said "The Egyptian who bought him said to his woman, "Take good care of him" , but the Quran had mentioned (woman) when the husband was dead or there were family problems such as reproduction problem(have a baby), Allah said "woman of Imran said, "My Lord, I have vowed to You what is in my womb", Allah said "His woman was standing by, so she laughed." ,Allah said" My Lord, how can I have a son, when my wife is barren," 3- the Quran had mentioned your companion (sahba) when there wasn't a sexual

relation or compatible relation between the couple and that happens on the Resurrection day, Allah said "The Day when a person will flee From his brother, And his mother and his father, And his companion (sahba) and his children", about The Self Devine Allah said "how can "He have a son when He never had a companion?"

82-The two wills of Allah:- 1-works of Allah and all things happen in the universe that Allah wants it to happen. (This is the will of Allah) → it's the will of Allah in general to control in everything. (The will is universal) - The will of Allah: - in your birth, your marriage and your death → you have no choice (the will is universal) 2-good things that Allah wanted us to do it, whether we do it or not. (This is the desire of Allah) → it's the will of Allah in special for each one to be saved from punishment. (The will is legitimate) -The desire of Allah: - you do good or evil → you have a free choice. (The will is legitimate).

83-In The Holy Quran Allah says "If you are in doubt about what We have revealed to you, ask those who read the Scripture before you." , in English we use if + present (if you are in doubt) . Type 1

(probable Condition), and in Arabic , it's called a pending condition , the pending condition in Arabic language doesn't occur if the action doesn't happen , 1- the prophet Mohamed (PBUH) didn't doubt , 2- the prophet Mohamed (PBUH) didn't ask those who read the Scripture before him, so the pending condition here didn't occur as if it wasn't , notice that in The Holy Quran Allah says "And found you wandering, and guided you." Also Allah says "We narrate to you the most accurate history, by revealing to you this Quran. Although, before this, you were the unaware " , notice that you were the unaware of The Quran, you were the unaware of all things that you had learned by The Quran, so Allah says "And found you wandering, and guided you." Exalted Allah had guided you by The Holy Quran.

84-Allah is the light of guidance, Allah says "It is He who made the sun radiant, and the moon a light", Moon in Arabic is Qamar and it's described in Quran as Muneer which reflected light, but Sun in Arabic is Shams and it's described in Quran as Siraaj which means a torch, and Wahaaj or Diya which means a shining lamp or a source of light, the question is why Allah is the Light of the heavens and the earth, which means a reflected light, why Allah isn't a diya which means a source of light. The answer is that the same word in our language has many meanings, the light here, it means light of guidance, and in another

places in Quran it means the right way or religion, there are many examples in the Quran like that, for instance Allah says " We have revealed the Torah, wherein is guidance and light", Allah says "They want to extinguish Allah's Light with their mouths; but Allah will complete His Light, even though the disbelievers dislike it", also Allah says "A light from Allah has come to you, and a clear Book".

85 -Allah The Lord: It's the greatest name of all names, was mentioned 2699 times in the Holy Quran, there is no word was mentioned by this number in the Holy Quran, also "1" number was mentioned 68times in the Holy Quran, there is no number was mentioned by this number in the Holy Quran, Allah ,The One and Only God was mentioned 23times in the Holy Quran, One God was mentioned 11times in the Holy Quran, Allah said, "Your God is one God. There is no god but He, the Benevolent, the Compassionate. "also, Allah said "Or were you witnesses when death approached Jacob, and he said to his sons, "What will you worship after Me?" They said, "We will worship your God, and the God of your fathers, Abraham, Ishmael, and Isaac; One God; and to Him we submit ", God ,The One was mentioned 6 times in the Holy Quran, Allah said, "If God wanted to have a son, He could have selected from His creation at will. Glory be to Him. He is God, the One, the Prevailing. ", also Allah said "To whom does the sovereignty belong today?" "To God, the One, the Irresistible." , God, Alone was mentioned 5 times in the Holy Quran, Allah said, " That is because when God alone was called upon, you disbelieved; but when others were associated with Him, you believed. Judgment rests with God the Sublime, the Majestic." , He is One was mentioned one time, Allah said, "say He is Allah, The One and Only " ,, The gist is that when the name of Allah was mentioned 2699 times and when The One and Only God was mentioned 23times in the Holy Quran, Allah wanted to tell you that the Quran is My Book, I'm Allah , your Lord , The One and Only .

86-Islam is the religion of all nations , the message of all messengers and all prophets from Adam(PBUH) passing through Noah(PB UH) and Ibrahim(PBUH), passing through Musa(PBUH) and Jesus the Christ(PBUH) until the last prophet Mohamed(PBUH) peace and blessings upon them, 1-Allah said "He prescribed for you the same religion He enjoined upon Noah" 2- the magicians of pharaoh said "Our Lord, pour out patience upon us, and let us die as Muslims." 3-Balqees said "My Lord, I have done wrong to myself, and I'm a Muslim with Solomon, to Allah, Lord of the Worlds." 4-the disciples with Jesus(PB UH) said "We are supporters for Allah; we have believed in Allah, and

testify that we are Muslims.” 5-Joseph said "cause me to die a Muslim and join me with the righteous.” 6- Ibrahim and Ishmael peace be upon them said "Our Lord, and make us Muslims, and from our descendants a Muslim nation" 7-Allah said "Whoever seeks other than Islam as a religion, it will not be accepted from him, and in the Hereafter he will be among the losers."

87-All Islam in one verse, yes Exalted Allah summarized all Islam in one verse, for any Muslim, for any one who looks for the truth, all religion in one verse, try to read it everyday, try to apply it in your life, to be accepted among the righteous, In The Holy Quran Allah says " Righteousness does not consist of turning your faces towards the East and the West. But righteous is he who 1-believes in Allah, and the Last Day, and the angels, and the Scripture, and the prophets. 2-Who gives money, though dear, to near relatives, and orphans, and the needy, and the homeless, and the beggars, and for the freeing of slaves; 3-those who perform the prayers, 4-and pay the obligatory charity, 5-and fulfill their promise when they promise,6-and patiently persevere in the face of persecution, hardship, and in the time of conflict. These are the sincere; these are the righteous." 2-177

88-About the servants of The Merciful "And the servants of the Merciful are those who walk on the earth in humility, and when the ignorant address them, they say, "Peace. And those who pass the night prostrating themselves to their Lord and standing up, And those who say, "Our Lord, avert from us the suffering of Hell, for its suffering is continuous, It is indeed a miserable residence and destination, And those who, when they spend, are neither wasteful nor stingy, but choose a middle course between that, And those who do not implore besides Allah any other god, and do not kill the soul which Allah has made sacred—except in the pursuit of justice—and do not commit adultery. Whoever does that will face penalties, The punishment will be doubled for him on the Day of Resurrection, and he will dwell therein in humiliation forever, Except for those who repent, and believe, and do good deeds. These—Allah will replace their bad deeds with good deeds. Allah is ever Forgiving and Merciful, Whoever repents and acts righteously— has inclined towards Allah with repentance, And those who do not bear false witness; and when they come across indecencies, they pass by with dignity, And those who, when reminded of the revelations of their Lord, do not fall before them deaf and blind, And those who say, "Our Lord, grant us delight in our spouses and our children, and make us a good example for the righteous, Those will be

awarded the Chamber for their patience, and will be greeted therein with greetings and peace."

89-The knot of tongue (And my brother Harun he is more eloquent in speech than me.) , also Muses(PBUH) said "And release the knot from my tongue, So they can understand my speech. ", to understand the knot of his tongue, we need to understand where he had lived, he had lived until age thirty in Egypt , so he had spoken Hieroglyphic , after that he lived ten years in Median , so he spoke Aramaic language, Now we understood the knot of his tongue, because he had lived for 10 years in another place, and had spoken another language , he had forgotten much of the first language .

90-Test of Solomon, In the Holy Quran Allah says "We tested Solomon, and placed a body on his throne; then he repented." We understood that Solomon had suffered paralysis for a long or a short time, then he recovered, we knew that Allah tested him, he repented , and was patient, so Allah healed him, and because he was patient Allah rewarded him, How Allah rewarded Solomon? Allah says "So We placed the wind at his service blowing, gently by his command, wherever he directed, And the demons every builder and diver, and others fettered in chains." "This is Our gift; so give generously, or withhold; without account."

91-Jesus and Adam in the Holy Quran, Jesus was mentioned 25 times in the Holy Quran and Adam was mentioned 25 times in the Holy Quran too, And about Jesus Allah said "The likeness of Jesus in God's sight is that of Adam: He created him from soil, then said to him, "Be," and he was." , He created Adam without parents, created Eve without mother, created Jesus without father and created all mankind by parents, to prove that Allah is capable of all things, and by miracles that Allah did through His prophets to support them in their calling people to One religion and to worship the One God, which is the message of all messengers and all prophets from Adam(PBUH) passing through Noah(PBUH) and Ibrahim(PBUH), passing through Musa(PBUH) and Jesus the Christ(PBUH) until the last prophet Mohamed(PBUH) peace and blessings upon them.

92-Jesus in the hereafter, And God will say, "O Jesus son of Mary, did you say to the people, `Take me and my mother as gods rather than God?' , He will say, "Glory be to You! It is not for me to say what I have no right to. Had I said it, You would have known it. You know what is in my soul, and I do not know what is in your soul. You are the Knower of the hidden, I only told them what You commanded me: that you shall

worship God, my Lord and your Lord. And I was a witness over them while I was among them, but when You took me to Yourself, you became the Watcher over them; for You are Witness over everything.”, The gist is that the message of all messengers and all prophets from Adam (PBUH) passing through Noah (PB UH) and Ibrahim (PBUH), passing through Musa (PBUH) and Jesus the Christ (PBUH) until the last prophet Mohamed (PBUH) peace and blessings upon them, is one, and my Lord and your Lord is One.

93-Mary was mentioned 34 times in the Holy Quran, Mary was mentioned 9 times, Who guarded her womb was mentioned one time in the Holy Quran (21-91), Mary, the daughter of Imran was mentioned one time in the Holy Quran (66-12), Son of Mary was mentioned 23 times in the Holy Quran, and the total Mary was mentioned 34 times in the Holy Quran, Allah said (And Mary, the daughter of Imran, who guarded her womb, and so We breathed into her of Our Spirit; and she believed in the truth of her Lord’s Words and His Books, and was one of the devout.) Quran 66-12 , Allah said(They have taken their rabbis and their priests as lords instead of Allah, as well as the Messiah son of Mary. Although they were commanded to worship none but The One God. There is no god except He. Glory be to Him, high above what they associate with Him.) Quran 9-31, also Allah said (The Messiah son of Mary was only a Messenger, before whom other Messengers had passed away, and his mother was a woman of truth. They both used to eat food. Note how We make clear the revelations to them; then note how deluded they are.) Quran 5-75 .

94- Jesus said in The Holy Quran “I am the servant of Allah. He has given me the Scripture, and made me a prophet, And has made me blessed wherever I may be; and has enjoined on me prayer and charity, so long as I live, And kind to my mother, and He did not make me a disobedient rebel, So Peace is upon me the day I was born, and the day I die, and the Day I get resurrected alive.”

95-A message from Mrs. Maryam Petronin to Macron,

Mr. Macron: peace be upon those who followed the guidance of Allah and the right of the last prophet Mohamed (PBUH), I received that you're in astonishment at how Sophie Petronin, a French woman of pure white race, catholic Christianity had covered to Islam after 75 years of Christianity and during 4 years of captivity among Muslims, let me simplify things to you: yes I was a prisoner of the Muslims, but they never touched me badly and

their treatment of me was all appreciation and respect. They used to offer me food and drink and influence me on themselves. Despite the scarcity of resources, and they respected my privacy. No one ever subjected me verbal or physical harassment, and they didn't insult my religion, Jesus or Mary (peace and blessing upon them both) as you do with the prophet Mohamed (PBUH), they didn't impose Islam on me, but I saw it in their morals, who purify themselves with water and pray the Lord the five prayers and fast the month of Ramadan, the Muslims in Mali are poor and their country is poor, there is no Eiffel tower and they don't know our French perfumes, but they're the cleanest of us and the purest of hearts, yes they don't have own luxury cars and don't inhabit tall towers, but their concern is above the clouds and their faith is more firmly than the mountains, Mr. Macron have you heard the recitation of the Quran in your life while they recite the Quran in their prayer at dawn and at night? how beautiful reading even if you don't understand what they're chanting your body is shaken as you listen their chanting by words of God that they memorize it by heart, then you realize in your subconscious mind that this isn't a human speech but rather a heavenly melody descended from the sky and you have an intense desire to know the meaning of what they chant at dawn and at night, Mr. Macron have you made one prostration in your life for God and made your forehead touch the ground and whispered to your Lord about your worries and thanked Him for His blessings as they do? Have you ever felt the closeness of God, Mr. Macron do you know that their women are black as charcoal, but their hearts are white as milk, they wear simple clothes but in the eyes of their men they're the most beautiful, they don't mix with foreign men, they don't disturb them, they don't enter man's home when the husband is absent, they don't drink alcohol, don't play gambling, and don't commit adultery!, also they believe in all the prophets, even if the Prophet Jesus whom they love more than us, and his mother Mary. Who I named myself because of their love and veneration for her and her position, You might ask me. How they love the Christ more than we do? I answer you, yes they love the Christ more than we do because our country shed the blood of innocent Muslim people in the name of the Christ, steal their countries, steal their wealth in the name of the Christ, so we enjoy the goods of Muslim countries and we extract the tribute from their rulers in various ways and we impose commercials and consumer projects that don't develop on them and spread sedition among them and then

we sell them weapons to kill each other, but we still consider them terrorists, when they realize that we're the real terrorists, not them! But they dealt with me and other hostages with the morals of Christ that we had learned in our churches, but we don't apply it in reality , In conclusionI don't want to declare my Islam in Mali so that I wouldn't be said to have converted to Islam under the sword, I decided to declare my Islam while I was free on the land of France to convey the message of Islam to millions of French and to Europe with its Christian and atheist parts as a whole!, this is the religion of Islam that you're fighting day and night, it has stirred my heart and filled my mind, I decided to come back to Mali again, but after inviting my family and loved ones to Islam, I want them to taste the sweetness of what I have tasted by worship the One and Only God, Allah the most Gracious, the most Merciful, I want them the goodness of this world and the hereafter, I also invite you to Islam and to repeat your accounts with this great religion, which is the message of all messengers and all prophets from Adam(PBUH) passing through Noah(PB UH) and Ibrahim(PBUH), passing through Musa(PBUH) and Jesus the Christ(PBUH) until the last prophet Mohamed(PBUH) peace and blessings upon them, and peace upon those who followed the guidance of Allah and the right of the last prophet Mohamed (PBUH).

96-Part of the army under leadership of the prince Khalid Ibn El-walid could conquer El-Faiyum city, the army under leadership of the prince Eyaad Ibn Ghanem moved to El-Behnasa city , but they couldn't conquer it , and by deceiving thousands of Muslims were killed, the Roman governor of El-Behnasa could deceive Muslims by a secret gate of the city through a cave in the mountain no one know it except them, they used this gate to kill Muslims at night, so Eyaad Ibn Ghanem sent a message to Khalid Ibn El-walid and said that from Eyaad Ibn Ghanem to the prince Khalid Ibn El-walid when you receive my message, come to us, we lost thousands of Muslims by deceiving , we need you and the rest of army, prince Khalid came soon and he could discover the secret gate of the city, and conquered the city at night, prince Khalid killed Bitlius the Roman governor and 30 thousand and captured 20 thousand of his army, the genius leader Khalid Ibn El-walid

could change defeat to decisive victory, but we lost 5 thousand of Muslims, more than 300 princes ,70 men who saw Badr with the prophet and more than 4 thousand of Muslims were killed in this battle, their tombs still stayed until now, their graveyards are called the second Bakie ,for instance Solomon Ibn Khalid Ibn El-walid , Ziyad and Hobar Ibn Sufyaan Ibn Alharth Ibn Abd-Motaleb, Al-Hassan Ibn Ali Ibn Al-Hussein ,Ali and Jaffer Ibn Okayl , Ibn Abi-Dogana, Ibn Abi- Dharr, Al-Kahkah Ibn Amr, Mohamed Ibn Abu-Bakr ,Mohamed Ibn Okba, Khawla bent Al-Azwar and Abo-Hudhayfah Al-Yamani, each of us wishing to be killed among them ,may Allah be blessed with them, mercy of Allah upon them every day and every night.

97- During the month of Ramadan a great Islamic victory was achieved over the Crusaders under the leadership of [Yusuf Salah Al-Din]
His advisors counseled him to rest from the Jihad during the month of fasting, but Saladin insisted on continuing the Jihad during Ramadan ...
Saladin said “Life is short.” we learned of [Saladin’s] loyalty and the loyalty of his soldiers, and gave them a decisive victory. He was very liberal, kind-hearted, magnanimous and admirably tolerant of religious minorities. That is the main reason why even Western historians are full of praise for his acts of clemency, his generous treatment of the defeated, his sympathy for the suffering, his protection of the weak, his love for poets, scholars and holy men, his tenderness towards children and his faithful observance of treaties signed with different parties, he could unite the Muslim armies of Turks, Kurds and Arabs, to forget their mutual differences and to fight together against their enemy under his leadership for the common cause of liberating Syria and Palestine from the Crusaders. An idea of the success achieved by him in this respect may be had from the fact that it was mainly because of his efforts that Jerusalem was reconquered by the Muslims and the Crusaders were defeated and expelled from almost all their possessions in Syria and Palestine during his life time, Under his leadership, Muslim forces defeated one crusader attack after another. By 1187, Salah al-Din was directing an army of over 12,000 cavalymen (soldiers on horseback) and close to 12,000 other soldiers on foot. In July 1187, his forces defeated the crusaders at Horns of Hattin (two hills). This victory strengthened the Muslim army and their spirit. On October 2, 1187, Salah al-Din and the Muslim army reconquered Jerusalem. Unlike the crusaders who massacred Muslims and Jews when they captured the holy city in 1099, Salah al-Din

was generous with the Christians and Jews.

98- The Romans in The Holy Quran, Allah says "The Romans have been defeated at the lowest land" Notice that The Holy Quran told us a Geographic truth where the lowest land , more than 1400 years ago. defeat of the Roman Empire under Heracles by the Persians under Sabour the Persians king, The defeat was at the Dead sea region near by Jerusalem, and place of that defeat.

99-The first Challenge in The Holy Quran, Allah says "He will burn in a Flaming Fire." Notice that man was the prophet's uncle Abee lahab, the challenge was that the last prophet Mohammad (peace and blessings of Allah be upon him) informed his uncle about his destiny in the hell, what would happen if his uncle became a Muslim or pretend that and what about his destiny in the hell, but that was impossible, because Allah says "He will burn in a Flaming Fire.", it was a final decision of Allah, a non-negotiable decision, Abee lahab couldn't be a Muslim or pretend that, and this challenge was based as long as he was alive, he couldn't be a Muslim or pretend that and at the end he died and he couldn't change his destiny.

100- The second Challenge in The Holy Quran , Allah says " The Hour has drawn near, and the moon has split" Notice that the Arabs asked the last prophet Mohammad (peace and blessings of Allah be upon him) to ask His Lord to divide the moon if he was a prophet or he wanted them to believe in him, the prophet asked His Lord to do that as a miracle, and Allah accepted doing that miracle for His prophet, at night they actually saw the moon has split, but they denied the miracle and didn't believe in the prophet, also they accused him of witchcraft . Nowadays the science proved that the moon has split, how could they know that, they found the moon surface was separated and then it became coherent or united, it still yet an obvious separated limit on the moon surface anyone could see it if he could travel to the moon.

101- The third Challenge in The Holy Quran, Allah says "Say,

“If the Final Home with Allah is yours alone, to the exclusion of all other people, then wish for death if you are sincere”
Notice that the Holy Quran talked about the Jews whom lived at Mohammad's age, that they said Mohammad is a liar and we are alone who would go to paradise ,so the challenge in the Quran is wishing for death if they were honest, what would happen if they did that, they would die immediately, of course there were many reasons made their refusing of that challenge, may because they loved life so much, or because they were wicked and disbelievers, or because they recognized Mohammed as they recognized their children and that Mohammed (peace and blessings of Allah be upon him) was honest and they were liar, so they couldn't accept that challenge of wishing for death, →What does Allah say about that? Allah says" But they will never wish for it, because of what their hands have forwarded. God is aware of the evildoers."

102- The fourth Challenge in The Holy Quran ,Allah says "Say, “Then produce ten chapters like it” Notice that the challenge is a production of ten chapters like it, there is no doubt that they couldn't do that Allah says" Say, “Then produce a single chapter like it" the challenge became a production of a single chapter like it and surely they couldn't do that Allah says "Say, “If mankind and jinn came together to produce the like of this Quran, they could never produce the like of it, even if they backed up one another.” The challenge is for mankind and jinn forever to produce the like of this Quran.

103- "The last day will not be established, till Mahdi appears and leads Muslim people, Mahdi fights Jews and conquers Jerusalem, Jesus comes down from the sky between two angels near by Damascus, Jesus follows Mahdi and prayers with him, Jesus becomes a vice- caliph , Jesus fights with them, he kills anti-Christ, then Mahdi dies , people put him in his tomb , Jesus becomes the caliph and rules the world by Islamic government , in meanwhile Jesus be married and has a family

and kids, at that time people see wolves play with sheep ,after 40 years of justice and mercy, Jesus dies, then the sun rises from the West. (Mohammad the last prophet)

104- Michael H. Hart the author of "The 100 A ranking of the most influential in the History" 1978, he had stayed for 28 years to finish that book, at the end he declared that the first and the greatest person in the History was Mohamed (PBUH) , so the western world has attacked him until now , once he held a lecture in London ,but he was interrupted by screams and whistles of attendance, but he could not complete his speech, and said that " Mohamed (PBUH) stood alone in a small village (Mecca) and that was in 610 AD, Mohamed (PBUH) said that I'm the messenger of Allah, after that four persons believed in him, they were his friend ,his wife and two children, Now after 1400 years one billion and half persons believe in him, so it's impossible to be a liar, because it isn't a lie could continue for 1400 years, and you couldn't deceive one billion and half persons, and another proof after 1400 years there are many and many millions of Muslim persons could sacrifice by their souls if any person insulted their prophet, Is there any Christian doing like that?" , then the hall kept silent in perfect respect of the master of humans Mohamed (PBUH).

105- The prophet's age in the Holy Quran Allah mentioned that "Or We cause you to die" three times, life of the prophet is formed by three stages, forty years before prophecy, and after prophecy 13 years in Mecca , ten years in Al-Madinah ,sum 63 years 1- Allah says " Whether We show you some of what We have promised them, or We cause you to die" Sura Yunus 10:46 ,2-Allah says " Whether We show you some of what We have promised them, or We cause you to die" Sura Ar-Ra'd 13:40 , 3- Allah says" Whether We show you some of what We have promised them, or We cause you to die" Sura Ghafir 40:77- if we gathered suras' arrangement numbers $10+13+40=63$, the same number of the prophet's age, it's impossible to be a coincidence.

106-Why Allah has no son or wife? Why Allah has no Partner or Associate,

No son and no god along with Him. (If there had been many gods), then each god would have taken away what he had created, and some would have tried to overcome others, and that Meaning, each of them would have control over whatever he had created, so there would never be any order in the universe. But what we see is that the universe is ordered, by easy way suppose that you lived in a kingdom that was ruled by three kings, in your opinion who will rule?, Will there a conflict between them? Or not?, Will the kingdom stay united under their rule? Or not? , in your opinion why will the kingdom never rule by more than one? , In the Holy Quran Allah says "Allah has never begotten a son, nor is there any god besides Him. Otherwise, each god would have taken away what it has created, and some of them would have gained supremacy over others. Glory be to Allah, far beyond what they describe.", finally Exalted Allah is capable of all things.

107-“Why do you come?,” “What is the purpose of your existence?,”

The reason for our asking such questions is that we are created in such a way as to feel the necessity of our God, One of the evidences of the existence of religion is our having been made in a way to be in need of believing in it. Allah who makes us thirsty has also created water to quench thirst. Allah who makes us hungry has also created the food we need, But the fact is that our body is made to want what it is programmed in it. To be immortal is the thing we desire most, more than our need for water and a meal. Survival is more important than all desires and passions. Allah made us in such a way as to wish for an afterworld. This need we feel is an evidence of the Hereafter, in the Holly Quran Allah said" We never sent a messenger before you without inspiring him that: “There is no god but I, so worship Me.” the goal of religion and our creation, to **Worship Him the One God** and don't associate anyone **with Him.**

108-Who is Allah? He has no son or wife? Who is Allah? He has no Partner or Associate,

He is Allah One and Only. **Who is Allah?, Allah!** There is none worthy of worship except He, the Living, the Everlasting. Neither slumber overtakes Him, nor sleep. To Him belongs everything in the heavens and everything on earth. Who is he that can intercede with Him except with His permission? He

knows what is before them, and what is behind them; and they cannot grasp any of His knowledge, except as He wills. His preservation Throne extends over the heavens and the earth, and their does not burden Him. He is the Most High, the most Great, **Who is Allah?, He is Allah**. There is no god but He, the Knower of secrets and declarations. He is the Compassionate, the Merciful. **He is Allah**; besides Whom there is no god; the Sovereign, the Holy, the Peace- Giver, the Faith-Giver, the Overseer, the Almighty, the Omnipotent, the Overwhelming. Glory be to Allah, beyond what they associate. **He is Allah**; the Creator, the Maker, the Designer. His are the Most Beautiful Names. Whatever is in the heavens and the earth glorifies Him. He is the Majestic, the Wise.
